**Riverdale Local School District –Hancock County**  
**Notes to the Five Year Forecast**  
**General Fund Only**  
**May 27, 2025**

**Introduction to the Five Year Forecast**

A forecast is a snapshot of today. Based on historical trends, what we know and future assumptions. That snapshot, however, will be adjusted because the further into the future the forecast extends, the more likely it is that the projections will deviate from experience. Various events will ultimately impact the latter years of the forecast, such as state budgets (adopted every two years), tax levies (new/renewal), salary increases, enrollment variances, or businesses moving in or out of the district. The five-year forecast is a crucial management tool and must be updated periodically. The five-year forecast enables district management teams to examine future years' projections and identify when challenges will arise. This helps district management to be proactive in meeting those challenges. School districts are encouraged to update their forecasts with the Ohio Department of Education and Workforce (ODEW) when events materially change their forecast or, at a minimum when required under the statute.

In a financial forecast, the numbers only tell a small part of the story. For the numbers to be meaningful, the reader must review and consider the Assumptions to the Financial Forecast before drawing conclusions or using the data as a basis for other calculations. The assumptions are especially important to understanding the rationale of the numbers, particularly when a significant increase or decrease is reflected.

Since the preparation of a meaningful five-year forecast is as much an art as it is a science and entails many intricacies, it is recommended that you contact the Treasurer/Chief Fiscal Officer of the school district with any questions you may have. The Treasurer/CFO submits the forecast, but the Board of Education is recognized as the official owner of the forecast.

Here are three important purposes or objectives of the five-year forecast:

- (1) To engage the local board of education and the community in long range planning and discussions of financial issues facing the school district
- (2) To serve as a basis for determining the school district's ability to sign the certificate required by O.R.C. §5705.412, commonly known as the "412 certificate"
- (3) To provide a method for the Ohio Department of Education and Workforce, and the Auditor of State to identify school districts with potential financial problems.

O.R.C. §5705.391 and O.A.C. 3301-92-04 require a Board of Education (BOE) to file a five-year financial forecast by November 30, and May 31, each fiscal year (July 1 to June 30). The five-year forecast includes three years of actual and five years of projected general fund revenues and expenditures. The first year of the fiscal year is considered the baseline year. Our forecast is updated to reflect the most current economic data available for the May 2025 filing.

**May 2025 Updates:**

**Revenues FY25**

The overview of revenues shows that we are substantially on target with original estimates at this point in the year. Total General Fund revenues (line 1.07) are estimated to be \$655,150 or 4.33% lower than the November forecasted amount of \$15.12 million. The largest variance was due to the removal of revenue from a USDA grant that was initially expected to flow through the general fund. However, it was later determined that it would not. This indicates that the November forecast was 95.67% accurate.

Line 1.01 and 1.02 - Property tax revenues represent our second most significant source of revenues at 24.28% and are estimated to be \$3.51 million, which is \$36,871 higher for FY25 than the original November estimate of \$3.48 million. Our estimates are 98.94% accurate for FY25 and should mean future projections are also on target.

Line 1.03 - The district's collection of School District Income Tax (SDIT) was originally projected to be over in the November forecast. Collections for FY25 are 8.15% over our original estimate by \$140,593 thousand. This category is difficult to estimate due to one large taxpayer that skews the revenue data each year. The SDIT represents 12.89% of the district revenues.

Line 1.035 and 1.04 - State Aid continues the implementation of the Fair School Funding Plan (FSFP), which has caused significant changes to the way our state revenues are calculated. We are estimating our state aid to be \$7.79 million, which is \$77,322 lower than the original estimate for FY25. We are pleased that we were able to be 99.12% accurate for FY25. We are currently on the formula and are expected to remain as a formula district for FY26 through FY29.

Line 1.06 - Other revenues are \$756,120 under original estimates, primarily due to removing revenue for the USDA grant received by the district. The categories in this line are somewhat unpredictable from year to year.

All areas of revenue are tracking as anticipated for FY25 based on our best information at this time.

### **Expenditures FY25**

Total General Fund expenditures (line 4.5) are estimated to be \$13.12 million for FY25, which is \$1,615,029 lower than the original estimate of \$14.73 million in the November forecast. The expenditure lines most significantly under projection are Purchased Services (line 3.030) / Supplies and Materials (line 3.040) / Capital Outlay (line 3.050) due to removal of expenses from a USDA grant that was initially expected to flow through the general fund and removal of a few projects that did not get completed in FY25 as originally anticipated.

All other areas of expenses are expected to remain on target with original projections for the year.

### **Unreserved Ending Cash Balance**

Due to revenues coming in below estimates, a reduction in expenditures, and higher than anticipated transfers, the projected ending unreserved cash balance as of June 30, 2025, is approximately \$6.39 million. The ending unreserved cash balance on line 15.010 of the forecast is anticipated to be a positive accumulative balance through 2029 if assumptions we have made for property tax collections, state aid in future state budgets, and expenditure assumptions remain close to our estimates.

### **Forecast Risks and Uncertainty:**

A five-year financial forecast has risks and uncertainty not only due to economic delays noted above but also due to state legislative changes that will occur in the spring of 2025 and 2027 due to deliberation of the following two (2) state biennium budgets for FY26-27 and FY28-29, both of which affect this five-year forecast. We have estimated revenues and expenses based on the best data available and the laws currently in effect. The items below give a short description of the current issues and how they may affect our forecast in the long term:

1) Property tax collections are a significant source of revenue source for the school system. The housing market in our district is stable and growing. We project growth in appraised values every three (3) years and new construction growth with modest increases in local taxes. Total local revenues, predominately local taxes, equating to 24.28% of the district's resources. Our tax collections in the second half 2024 and first half 2025 settlements showed average collection trends. We believe there is a low risk that local collections would fall below projections throughout the forecast.

2) Riverdale LSD is in 3 counties that are on different reappraisal update schedules. Hancock and Wyandot Counties experienced a reappraisal and an update, respectively, in the 2022 tax year to be collected in 2023. This update increased assessed values by \$16.35 million, or 11.64%. Overall values rose \$17.59 million or 12.14%, including reappraisal and new construction for all property classes. Hardin County experienced reappraisal update in tax year 2023 to be collected in 2024. In this update, values increased by \$14.38 million or 9.09%. Overall values increased \$15.23 million or 9.37%. Hancock and Wyandot will experience an update and reappraisal, respectively in calendar year 2025 for which we anticipate a 4% increase in property values. The following year, Hardin's update is anticipated to increase values by 3%. However, there is always a slight risk that the district could sustain a reduction in values in the next appraisal update, but we do not anticipate that now.

3) SB271 passed in 2024 that created a Joint Committee on Property Taxation and Reform. This action was in response to the historic property valuation increases. The committee's mission was to review Ohio's property tax system and to make recommendations to the General Assembly on property taxation. The committee released their report to the General Assembly on January 2, 2025. The report outlined twenty-one (21) recommendations on actions that could be taken to restrict local tax growth for Ohio school districts.

As a result of the numerous recommendations in the report there are currently 14 pending pieces of legislation in the Ohio Legislature that seeks to limit growth of local property taxes in several different ways. The most egregious is HB96 which could impact every district in the state of Ohio. HB96 seeks to limit school district ending carry over cash balances to 30% of their prior years expenditures and to allow county budget commissions to suspend voter approved property tax levies and the 20-mill floor in order to reduce district reserves to the 30% target. HB96 has several severe consequences for school districts in terms of financial stability, loss of local control which will likely result in increased levy requests to district taxpayers. It is unclear at the time of this forecast whether HB96 will continue on through the Ohio Senate and be signed into law July 1, 2025. The district will be watching carefully for the final outcome of HB96 and several other legislative proposals that would limit property tax growth. Several of these proposals in addition to HB96 could be a very significant risk to future local tax growth for our district. We will update the forecast when factual data is available.

4) The state budget represented 56.94% of district revenues, which means it is a significant risk to the revenue. The future risk comes in FY26 and beyond if the state economy stalls due to a possible recession or the last two (2) years of the Fair School Funding Plan is not funded in the next state biennium budget. In this forecast, there are two unknown future State Biennium Budgets covering FY26-27 and FY28-29. The state legislature has shown little interest in equitably funding the current formula. The governors proposed budget recommendation in HB96 dated February 3, 2025, reduced funding for public school by -\$103.5 million over FY26-27. The legislative process will continue with uncertainty through June 30, 2025, which is after the forecast must be approved. This is an area of elevated risk to district funding long-range through FY29. We have projected our state funding in FY25 based on of HB33 our current state budget which expires June 30, 2025. We will adjust the forecast for state aide in future years as we have reliable data to make an informed decision.

5) HB33, the current state budget, continues to phase in what has been referred to as the Fair School Funding Plan (FSFP) for FY24 and FY25. FY25 reflects 66.67% of the implementation cost at year four of a six-year phase-in plan, which increases by 16.66% each year. FY25 will result in 66.67% funding of (FSFP), however, the final two years of the phase-in are not guaranteed and are dependent on legislative actions for the FY26 and FY27 state biennium budget, which as of this forecast do not appear favorable. We have used the March #2 payment published by the Department of Education and Workforce for our forecasted revenues in FY25.

6) HB33 directly pays costs associated with open enrollment, community and STEM schools, and all scholarships, including EdChoice Scholarships. These costs are no longer deducted from our state aid. However, education option programs such as College Credit Plus, Excess Costs and various tuitions continue to be removed from state aid, increasing costs to the district. Expansion or creation of programs not directly paid by the state of Ohio can

expose the district to new expenditures currently outside the forecast. We closely monitor any new threats to our state aid and increased costs as new proposed laws are introduced in the legislature.

7) Our income tax payments vary greatly year over year due to one large taxpayer in the district. Since this payee is unknown and the stability of this revenue is uncertain, we have removed these payments from future projections. The district's 1.0 percent income tax levy is set to expire in December of 2026. It will be essential to renew this levy when it comes up. We believe the levy will be renewed, but there is always a chance it will not. This revenue moves to line 11.01 beginning in FY27.

Labor relations in our district have been amicable, with all parties working for the best interest of students and realizing the resource challenges we face. Our positive working relationship will continue and grow stronger as we move forward.

The major lines of reference for the forecast are noted below in the headings to make it easier to relate the assumptions made for the forecast item and refer back to the forecast. It should be of assistance to the reader to review the assumptions noted below in understanding the overall financial forecast for our district. If you would like further information, please feel free to contact Makalia Weber, Treasurer at 419-694-2211.

**General Fund Revenue, Expenditures, and Ending Cash Balance Actual FY22-24 and Estimated FY25-29**  
The graph captures in one snapshot the operating scenario facing the District over the next few years.

## Revenue Assumptions Operating Revenue Sources General Fund FY25

### Real Estate Value Assumptions – Line #1.010

Property Values are established each year by the County Auditor based on new construction, demolitions, BOR/BTA activity and complete reappraisal or updated values. Hancock County experienced a reappraisal and Wyandot County experienced an update for the 2022 tax year to be collected in 2023. Residential/agricultural values increased 11.64% or \$16.36 million. Hardin County experienced a reappraisal for the 2023 tax year to be collected in 2024. Residential/agricultural values increased 9.09% or \$14.37 million due to the reappraisal led by an improving housing market.

A reappraisal update will occur in 2025 for collection in 2026 for which we are estimating a 4% increase in residential and a 0.2% increase for commercial/industrial property. We anticipate Residential/Agricultural and Commercial/Industrial values to increase \$7.34 million or 4.1% overall.

Public Utility Personal Property (PUPP) values increased by \$4.55 million in Tax Year 2024. This is a result of updated value on the AEP property in our district. This increase was seen in districts throughout the State. We expect our values to continue to grow by \$500,000 each remaining year of the forecast.

We have been conservative with any future value increases for reappraisal or updates due to uncertainty over legislative actions that may take place in the spring of 2025 that limits property tax growth.

### ESTIMATED ASSESSED PROPERTY VALUATIONS BY COLLECTION YEARS

<u>Classification</u>	Estimated TAX YEAR 2024 COLLECT 2025	Estimated TAX YEAR 2025 COLLECT 2026	Estimated TAX YEAR 2026 COLLECT 2027	Estimated TAX YEAR 2027 COLLECT 2028	Estimated TAX YEAR 2028 COLLECT 2029
Res./Ag.	\$174,090,920	\$181,449,557	\$187,243,044	\$187,593,044	\$191,694,904
Comm./Ind.	4,506,250	4,505,263	4,585,368	4,595,368	4,614,558
Public Utility Personal Property (PUPP)	<u>16,606,780</u>	<u>17,106,780</u>	<u>17,606,780</u>	<u>18,106,780</u>	<u>18,606,780</u>
Total Assessed Value	<u>\$195,203,950</u>	<u>\$203,061,599</u>	<u>\$209,435,191</u>	<u>\$210,295,191</u>	<u>\$214,916,243</u>

## Tax Rate Assumptions

The county auditor sets tax rates for each levy voted on to provide tax revenues for the school district. Ohio law provides for “reduction factors” of all voted property tax levies to adjust the millage rates lower for the levy to not increase from inflation of property values for the taxes received by a district to that of the actual amount of the levy at the time of the election. The reduction factors are applied separately to Residential/Agriculture (Class I) and Commercial/Industrial (Class II) resulting in different effective millage rates. The district-voted rate for all general fund levies is 24.9 mills while the Class I effective millage rate is 20.0 mills and the Class II effective millage rate is 20.0 mills. The Ohio law has a provision that the reduction factors cannot lower the total millage rate for each class less than 20 mills (excluding emergency and substitute emergency levies), which includes both the voted and the non-voted millage rates; this is called the “20-Mill Floor”. Currently, our district is slightly off the floor for Class I and Class II.

## ESTIMATED REAL ESTATE TAX COLLECTIONS

<u>Source</u>	<u>FY25</u>	<u>FY26</u>	<u>FY27</u>	<u>FY28</u>	<u>FY29</u>
Est. Real Estate Taxes	\$3,094,975	\$3,176,609	\$3,333,159	\$3,374,645	\$3,422,914
Total Line #1.01 Real Estate Taxes	<u>\$3,094,975</u>	<u>\$3,176,609</u>	<u>\$3,333,159</u>	<u>\$3,374,645</u>	<u>\$3,422,914</u>

Property tax levies are estimated to be collected at 97.34% of the annual amount. This allows 2.66% delinquency factor. In general, 64.45% of the Res/Ag and Comm/Ind property taxes are expected to be collected in the February tax settlement and 35.55% collected in the August tax settlement.

Public Utility tax settlements (PUPP taxes) are estimated to be received 50% in March and 50% in August settlement from the County Auditor and are noted in line 1.02 totals below.

**New Tax Levies – Line #13.030** - No new levies are modeled in this forecast.

## Estimated Tangible Personal Tax & PUPP Taxes – Line #1.020

The amounts below are public utility personal property (PUPP) tax payments from public utilities. Collections are typically 50% in March and 50% in August, along with the real estate settlements from the county auditor. The values in 2024 rose by 37.8% or \$4.55 million and are expected to increase by \$500,000 each remaining year of the forecast. This is a result of the AEP revaluation, and they are currently appealing their assessed values. We will continue to monitor the situation for future forecasts. A major utility company paid \$39,404 in delinquent taxes in the first half of 2024 which inflated our first half payment for 2024.

<u>Source</u>	<u>FY25</u>	<u>FY26</u>	<u>FY27</u>	<u>FY28</u>	<u>FY29</u>

## School District Income Tax – Line #1.030

The district residents approved the renewal of a 1.0% 3-year traditional income tax levy with collections ending in December 2026. The changes in tax amounts are leveling off from the pandemic. Because this levy expires in December 2026, we have moved this revenue down to line 11.01 for FY27. Starting in 2020, we began receiving a large increase from one payee. Since we are uncertain of this revenue continuing, we have removed these payments from future projections. We will assume a reduction of 80% FY25 and 2.0% increase for FY26-FY29. We have updated the July, October, January and April payment to actual for FY25.

<u>Source</u>	<u>FY25</u>	<u>FY26</u>	<u>FY27</u>	<u>FY28</u>	<u>FY29</u>
July payment	\$669,112	\$545,995	\$556,915	\$0	\$0
October payment	368,718	300,874	306,892	0	0

April payment	<u>487,694</u>	<u>397,958</u>	<u>0</u>	<u>0</u>	<u>0</u>
Total SDIT Collections	\$1,864,821	\$1,521,694	\$863,807	\$0	\$0

<u>Source</u>	<u>FY25</u>	<u>FY26</u>	<u>FY27</u>	<u>FY28</u>	<u>FY29</u>
School District Income Tax	\$2,165,427	\$1,864,821	\$1,521,694	\$863,807	\$0
Adjustments	<u>-300,606</u>	<u>-343,127</u>	<u>-657,887</u>	<u>-863,807</u>	<u>0</u>
<b>Total SDIT Line #1.030</b>	<u><b>\$1,864,821</b></u>	<u><b>\$1,521,694</b></u>	<u><b>\$863,807</b></u>	<u><b>\$0</b></u>	<u><b>\$0</b></u>

### **Renewal of Income Tax (SDIT) Levy – Line #11.010**

SDIT levies that are not continuous by law cannot be included with the income taxes on line 1.03 if it expires in the forecast period, therefore we are including the renewal of the 1.0% income tax in levy year 2027 in line 11.01 as it will expire December 31, 2026, which is during FY27.

<u>Source</u>	<u>FY25</u>	<u>FY26</u>	<u>FY27</u>	<u>FY28</u>	<u>FY29</u>
Renew SDIT Total To Line #11.010	<u>\$0</u>	<u>\$0</u>	<u>\$703,624</u>	<u>\$1,838,375</u>	<u>\$1,838,375</u>

### **State Foundation Revenue Estimates – Lines #1.035, 1.040 & 1.045**

#### **Current State Funding Model per HB33 through June 30, 2025**

##### **A) Unrestricted State Foundation Revenue – Line #1.035**

HB33, the current state budget, continued the Fair School Funding Plan for FY24 and FY25, which funds students where they are educated rather than where they live. We have projected FY25 funding based on the March 2025 foundation settlement and funding factors.

Our district is currently a formula district in FY25 and is expected to continue to be on the formula in FY26-FY29 on the new Fair School Funding Plan (FSFP).

For a detailed overview of how foundation funding is calculated please visit the Ohio Department of Education and Workforce at: <https://education.ohio.gov/Topics/Finance-and-Funding/Overview-of-School-Funding>

##### **State Funding Phase-In FY25 and Guarantees**

The Fair School Funding Plan was presented as a six (6) year phase-in plan, the state legislature approved the first two (2) years of the funding plan in HB110 and extended the plan in HB33 for FY24 and FY25. The FSFP does not include caps on funding; instead, it consists of a general phase-in percentage for most components of 66.67% in FY25.

The funding formula includes three (3) guarantees: 1) “Formula Transition Aid,” 2) Supplemental Targeted Assistance, and 3) Formula Transition Supplement. The three (3) guarantees in both temporary and permanent law ensure that no district will get fewer funds in FY24 and FY25 than they received in FY21.

##### **Future State Budget Projections beyond FY25**

Our funding status for FY26-29 will depend on unknown two (2) new state budgets. There is no guarantee that the current Fair School Funding Plan will be funded or continued beyond FY25; therefore, our state funding

estimates are reasonable, and we will adjust the forecast when we have authoritative data to work with. For this reason, funding is held constant in the forecast for FY26 through FY29.

### Casino Revenue

On November 3, 2009, Ohio voters passed the Ohio casino ballot issue. This issue allowed four (4) casinos to open in Cleveland, Toledo, Columbus, and Cincinnati. Thirty-three percent (33%) of the gross casino revenue will be collected as a tax. School districts will receive 34% of the 33% of Gross Casino Revenue that will be paid into a student fund at the state level. These funds will be distributed to school districts on the 31<sup>st</sup> of January and August each year, beginning for the first time on January 31, 2013.

The casino revenue has recovered from the pandemic from closing the casinos in 2020. Total funding in FY23 was \$113.1 million or \$64.90 per pupil. Total funding in FY24 was \$114.18 million or \$65.44 per pupil. In FY25, the funding totaled \$114.30 million or \$65.99 per pupil. We expect the Casino revenues to have resumed their historical growth rate and are assuming a 1.0% annual growth rate for the remainder of the forecast.

<u>Source</u>	<u>FY25</u>	<u>FY26</u>	<u>FY27</u>	<u>FY28</u>	<u>FY29</u>
Basic Aid-Unrestricted	\$6,926,184	\$6,926,184	\$6,926,184	\$6,926,184	\$6,926,184

### A) Restricted State Revenues – Line #1.040

HB33 has continued Disadvantaged Pupil Impact Aid (formerly Economic Disadvantaged Funding) and Career Technical funding. In addition, new restricted funds have been added under “Restricted Categorical Aid” for Gifted, English Learners (ESL), and Student Wellness. We have estimated revenues for these new restricted funding lines using current March number 2 funding factors. The amount of DPIA is limited to a 66.67% in FY25. We have flat-lined funding at FY25 levels for FY26-FY29 due to uncertainty on continued funding of the current funding formula.

HB33 set aside funds state-wide to subsidize the Science of Reading initiative. The district will be reimbursed for teacher in-service and associated fringe benefits upon proof of training and certified reimbursement request. It is estimated that the district will receive \$93,310 from this one-time subsidy in FY25 and is required to maintain documentation as to how the funds were spent. Because this is a reimbursement of expenses, this subsidy will be offset by salaries, retirement and Medicare payments to teachers and will not increase our overall cash balance.

<u>Source</u>	<u>FY25</u>	<u>FY26</u>	<u>FY27</u>	<u>FY28</u>	<u>FY29</u>
DPIA	\$73,923	\$73,923	\$73,923	\$73,923	\$73,923

## **State Share of Local Property Tax – Line #1.050**

### **A) Rollback and Homestead Reimbursement**

Rollback funds are reimbursements paid to the district from the State of Ohio for tax credits given to owner-occupied residences. Credits equal 12.5% of the gross property taxes charged to residential taxpayers on levies passed before September 29, 2013. HB59 eliminated the 10% and 2.5% rollback on new levies approved after September 29, 2013.

Homestead Exemptions are credits paid to the district from the state of Ohio for qualified elderly and disabled. In 2007, HB119 expanded the Homestead Exemption for all seniors 65 years or older or disabled, regardless of income. Effective September 29, 2013, HB59 changed the requirement for Homestead Exemptions. Individual taxpayers who still need to get their Homestead Exemption approved or those who did not get a new application approved for the tax year 2013 and who become eligible after that will only receive a Homestead Exemption if they meet the income qualifications. Taxpayers who had their Homestead Exemption as of September 29, 2013, will not lose it and will not have to meet the new income qualification. This will generally reduce homestead reimbursements to the district over time, and as with the rollback reimbursements above, the state is increasing the tax burden on our local taxpayers.

### **Summary of State Tax Reimbursement – Line #1.050**

<u>Source</u>	<u>FY25</u>	<u>FY26</u>	<u>FY27</u>	<u>FY28</u>	<u>FY29</u>
Rollback and Homestead	<u>\$440,497</u>	<u>\$450,340</u>	<u>\$466,986</u>	<u>\$474,767</u>	<u>\$474,767</u>
Total Tax Reimbursements #1.050	<u>\$440,497</u>	<u>\$450,340</u>	<u>\$466,986</u>	<u>\$474,767</u>	<u>\$474,767</u>

### **Other Local Revenues – Line #1.060**

All other local revenue encompasses any revenue that does not fit the above lines. The primary sources of revenue in this area have been open enrollment, interest on investments, tuition for court-placed students, student fees, Payment In Lieu of Taxes, and general rental fees.

HB110, the previous state budget, stopped paying open enrollment as an increase to other revenue for the district. This is projected below as zeros to help show the difference between projected FY24-FY28 line 1.06 revenues and historical FY21 through FY23 revenues on the five-year forecast. Open-enrolled students will be counted in the enrolled student base at the school district where they are being educated, and state aid will follow the students. Open-enrolled student revenues will be included in line 1.035 as basic state aid.

Interest income is based on the district's cash balances and increased interest rates due to the Federal Reserve raising rates to curb inflation. The Federal Reserve Bank cut interest rates by 50 basis point in September 2024. While interest income in FY25 should remain steady due to laddered investment strategies, the rate cuts will begin to have an impact on earnings in FY26 and future years. We will continue to monitor the investments for the district. We will continue to monitor the investments for the district.

The district was awarded a USDA Distance Learning and Telemedicine (DLT) Grant with a 15% match which means we will spend 958k and be reimbursed 85% of that or \$814,823. The remaining 15% will need to be paid out of the general fund.

<u>Source</u>	<u>FY25</u>	<u>FY26</u>	<u>FY27</u>	<u>FY28</u>	<u>FY29</u>
Tuition Related Payments	\$211,724	\$211,724	\$211,724	\$211,724	\$211,724

Total Other Local Revenue Line #1.060	<u>\$852,704</u>	<u>\$762,104</u>	<u>\$689,624</u>	<u>\$631,640</u>	<u>\$585,253</u>

#### **Short-Term Borrowing – Lines #2.010 & #2.020**

There is no short term borrowing projected in this forecast.

#### **Transfers In / Return of Advances – Line #2.040 & #2.050**

These are non-operating revenues which are the repayment of short term loans to other funds over the previous fiscal year and reimbursements for expenses received for a previous fiscal year in the current fiscal year. The District has no transfers in or advance returns for this forecast.

#### **All Other Financial Sources – Line #2.060**

This funding source is typically a refund of prior year expenditures that is very unpredictable. We received several Bureau of Workers Compensation refunds and ERATE reimbursements over the past two years and do not expect to receive these in FY25. These revenues are inconsistent year to year and we will not project that occurring in the remainder of the forecast.

<u>Source</u>	<u>FY25</u>	<u>FY26</u>	<u>FY27</u>	<u>FY28</u>	<u>FY29</u>
Refund of prior years expenditures	<u>\$48,340</u>	<u>\$42,000</u>	<u>\$42,000</u>	<u>\$42,000</u>	<u>\$42,000</u>

## Expenditures Assumptions

The district's leadership team is always looking at ways to improve the education of the students whether it be with changes in staffing, curriculum, or new technology needs. As the administration of the district reviews expenditures, the education of the students is always the main focus for resource utilization.

### All Operating Expense Categories - General Fund FY25

#### Wages – Line #3.010

Negotiations with bargaining unit members resulted in an agreement to include base increases of 2.0% for FY24 and 1.65% for FY25, including step increases. For planning purposes, a 1.0% base increase is planned for FY26 through FY28. Reductions in staff for FY24 and bringing staff back to the general fund from the 467 student wellness fund, resulted in a net \$250,000 in salary reductions. We are estimating \$80,816 in salaries for the Science of Reading professional development and an addition \$60,000 stipend to staff for keeping health care premiums low. The Growth Staff and Staffing attrition reflect the changes that will occur in FY26 and FY27.

<u>Source</u>	<u>FY25</u>	<u>FY26</u>	<u>FY27</u>	<u>FY28</u>	<u>FY29</u>

<b>Total Wages Line #3.010</b>	<b><u>\$5,731,814</u></b>	<b><u>\$6,119,963</u></b>	<b><u>\$6,416,933</u></b>	<b><u>\$6,676,423</u></b>	<b><u>\$6,820,525</u></b>

## Fringe Benefits Estimates

This area of the forecast captures all costs associated with benefits and retirement costs.

### A) STRS/SERS will increase as Wages Increase

As required by law, the BOE pays 14% of all employee wages to STRS or SERS.

### B) Insurance

The district is insured through the Hardin County Insurance Consortium. Insurance premiums have been holding steady since FY21. In FY 24 and FY25 we received no increases in premiums and in December 2024 we received a premium holiday. We are estimating an increase of 6.0% for FY26 through FY29.

### C) Workers Compensation & Unemployment Compensation

Workers Compensation is expected to be approximately 0.44% of wages FY25-FY29. Unemployment is expected to remain at a very low level FY25-FY29. The district is a direct reimbursement employer, which means unemployment costs are only incurred and due if we have employees who are eligible and draw unemployment.

### D) Medicare

Medicare will continue to increase at the rate of increases in wages and as new employees are hired. Contributions are 1.45% for all new employees to the district on or after April 1, 1986. These amounts are growing at the general growth rate of wages.

## Summary of Fringe Benefits – Line #3.020

<u>Source</u>	<u>FY25</u>	<u>FY26</u>	<u>FY27</u>	<u>FY28</u>	<u>FY29</u>
A) STRS/SERS	\$928,030	\$986,100	\$1,040,147	\$1,084,138	\$1,111,285
B) Insurance's	1,239,446	1,387,880	1,475,774	1,564,320	1,652,866

Total Fringe Benefits Line #3.020	<u>\$2,461,480</u>	<u>\$2,676,178</u>	<u>\$2,816,608</u>	<u>\$2,958,737</u>	<u>\$3,079,632</u>

## Purchased Services – Line #3.030

HB110, the previous state budget, impacted Purchased Services beginning in FY22 as the Ohio Department of Education will directly pay these costs to the educating districts for open enrollment, community, and STEM schools and for scholarships granted to students to be educated elsewhere, as opposed to deducting these amounts from our state foundation funding and shown below as expenses. College Credit Plus, excess fees, and other tuition costs will continue to draw funds away from the district, which will continue in this area and has been adjusted based on historical trends. In FY26 there will be a new electric capacity charge that will be assessed on all electric bills to help expand Ohio's electric generating ability. This charge will begin June 2025 and end June 2026. It is anticipated it will increase electric costs by 20% annually for just that twelve (12) month period.

Our largest expense in the purchased services category is for our contracted special education services provided by the Hancock County Educational Service Center (ESC). In FY25, we are projecting an annual amount of \$1.2 million which is a \$300,000 increase compared to our FY24 contract. We are also anticipating our expenses to the detention center to increase by \$28,000 for FY25 and FY26. Our second largest expense in this category is for tuition, excess costs and scholarships primarily consisting of Millstream Career Center, preschool and one to one aides. Each year has a 3% increase to account for rising inflation.

<u>Source</u>	<u>FY25</u>	<u>FY26</u>	<u>FY27</u>	<u>FY28</u>	<u>FY29</u>

### **Supplies and Materials – Line #3.040**

Expenses which are characterized by curricular supplies, testing supplies, copy paper, maintenance and custodial supplies, materials, and bus fuel. Our largest expense in the Classroom Supplies and Materials category was for computer supplies and software in the classroom of about \$262,000. We have factored in an increase of 3% per year for classroom supplies and fuel and transportation supplies as well as an increase of 6% per year for facility supplies and materials. In FY26 we anticipate spending \$115,000 for staff computers and from FY26 to FY29 we will spend approximately \$70,000 each year for chromebooks. In FY28 we are planning to update our Math and Reading curriculum.

### **Equipment – Line #3.050**

Capital outlay includes equipment, busses and other large maintenance projects. Due to the creation of fund 070 for Capital Projects, several items originally included in this line have been removed from the forecast. This includes future bus purchases, chiller replacement, and various other maintenance projects that were included in this line in prior years. Additionally, the district was awarded a 958k USDA Distance Learning and Telemedicine (DLT) Grant with a 15% match which means we will spend \$143,700 on capital outlay from the general fund and we will be reimbursed 85% or \$814,300 through a 599 federal fund.

### **Principal and Interest Payment – Lines #4.05 & #4.06**

The district does not plan to issue debt during this forecast period.

**Other Expenses – Line #4.300**

The category of Other Expenses consists primarily of Auditor & Treasurer fees, our annual audit and other miscellaneous expenses. We expect these costs to increase as our revenue increases.

<u>Source</u>	<u>FY25</u>	<u>FY26</u>	<u>FY27</u>	<u>FY28</u>	<u>FY29</u>
County Auditor & Treasurer Fees	\$115,000	\$128,450	\$132,304	\$136,273	\$140,361

**Transfers Out/Advances Out – Lines # 5.010 & #5.020**

This account group covers fund-to-fund transfers and end-of-year short-term loans from the General Fund to other funds until they have received reimbursements and can repay the General Fund. On March 7<sup>th</sup>, 2025 the Board of Education approved resolutions to create two new funds, 070 Capital Projects and 035 Termination Benefits. While establishing these funds, authorization was given for initial transfers in the amount of \$3,000,000 to fund 070 and \$300,0000 to fund 035.

Estimated Encumbrances Line #8.010	<u>\$375,000</u>	<u>\$375,000</u>	<u>\$375,000</u>	<u>\$375,000</u>	<u>\$375,000</u>

**Total Expenditure Categories Actual FY22 through FY24 and Estimated FY25-FY29**

The graph below shows a quick overview of actual and estimated expenses by proportion to the total for the General Fund expenditures.

**Ending Unencumbered Cash Balance “The Bottom-line” – Line#15.010**

This amount must not go below \$0 or the district General Fund will violate all Ohio Budgetary Laws. Any multi-year contract which is knowingly signed which results in a negative unencumbered cash balance is a violation of 5705.412, ORC punishable by personal liability of \$10,000. It is recommended that a district maintains a minimum of thirty (30) day cash balance, which is about \$1.13 million for our district.

	<u>FY25</u>	<u>FY26</u>	<u>FY27</u>	<u>FY28</u>	<u>FY29</u>
Ending Unreserved Cash Balance Line #15.01	<u>\$6,389,172</u>	<u>\$7,049,777</u>	<u>\$7,438,780</u>	<u>\$7,261,122</u>	<u>\$6,976,043</u>

### True Cash Days Ending Balance

Another way to look at ending cash is to state it in ‘True Cash Days’. In other words, how many days could the district operate at year-end if no additional revenues were received? This is the Current Years Ending Cash Balance divided by (Current Years Expenditures/365 days) = the number of days the district could operate without additional resources or a severe resource interruption. The Government Finance Officers Association (GFOA) recommends that no fewer than two (2) months or 60 days of cash is on hand at year-end. Still, it could be more depending on each district's complexity and risk factors for revenue collection. This is calculated, including transfers, as this is a predictable funding source for other funds such as capital, athletics, and severance reserves.

### Conclusion

Riverdale Local School District receives 56.94% of its funding for the district from State dollars which is very beneficial to the overall operations for the education of our students.

The district administration is grateful for the changes in the current state budget HB33 as it has reduced the amount that was deducted for programs that were not within the district’s control. However, future state budgets funding will need to be watched since the full amount of the Fair School Funding Plan was not totally implemented with this budget and there is no guarantee for future increases in state budgets for FY26-FY28.

As the administration plans for the future, they will need to make sure that the district is able to obtain positive cash balance throughout the forecast. They will need to review the expenditures based on the current revenues in order to obtain this.

As you read through the notes and review the forecast, remember that the forecast is based on the best information that is available to us at the time the forecast is prepared.
